Foreign language study

As part of their studies, our students participate in **Polish language classes**. These courses are designed to support everyday communication, facilitate integration into the local environment, and enhance their overall study experience in Poland.

Internships and practical training

Student placements are an important part of the course. Students of undergraduate and long-cycle master's programmes complete **960 hours of placement** (24 weeks), gaining valuable professional experience. If you already work in a role related to your field of study, your employment may count towards the placement requirement. During your studies, you also have the opportunity to take part in a paid internship. Internship programmes are developed by our partner employers, who tailor the requirements to specific positions, helping you take your first steps in your career.

Study completion requirements

You will work in a team to create a final project that addresses a practical or theoretical problem related to your field of study. By researching the literature and conducting your own analyses, you will develop an original solution to the problem. Everything you learn during your studies enables you to produce a professional project based on real data and practical experience. To obtain your bachelor's degree, you must defend this project before an examination board. You set the direction of your own project!

How to become a WSB Merito University student

You can enroll in a **first degree (e.g. Bachelor's or Engineer's) program** if you have successfully completed your secondary education and have a secondary school-leaving certificate.
