Why study Project Management at WSB Merito University?

The Marketing program is designed to help students gain the knowledge and skills needed to participate in business management. The curriculum is developed in collaboration **with business partners**, ensuring it meets real-world needs. Classes are taught by **experienced professionals**, providing valuable insights. Students learn through engaging activities like business games and case studies, which help them understand both theory and practical applications. They also have opportunities to discuss ideas and experiences with industry experts.

The program is **accredited by IACBE**, which ensures high-quality education and recognized qualifications in the job market. Students can take part in free workshops and training sessions on topics like economics, finance, and management. They will also use business simulation tools like Revas to create their own companies, allowing them to analyze real business problems and practice project management skills.
