WSB MERITO UNIVERSITY POZNAN

Project Management

MASTER'S DEGREE - SPECIALITY

Form: Full-time

Study form: Hybrid

Features: Master's degree • From October • English • 4 semesters

City: Poznań

What will you learn?

- You will learn key **project management methodologies such as Agile, Scrum and Prince2**, which will help you successfully carry out a variety of business projects.
- You will gain knowledge about **project risk management**, which will allow you to identify potential threats and minimize their impact on project goals.
- You will learn **effective project planning**, taking into account schedules, budgets and resources, in order to achieve intended results on time.
- You will master **communication and leadership skills**, which are crucial for managing project teams and motivating team members.
- You will learn how to use **IT tools that support project management**, such as MS Project, Trello and Jira.
- You will understand the principles of **stakeholder management**, which will allow you to effectively engage and maintain relationships with key project partners.

Work opportunities

- You can work as a **Project Manager**, managing complex projects in companies from sectors such as IT, finance or logistics.
- You can be employed as a **project coordinator**, supporting teams in carrying out tasks and achieving set goals across various industries.
- You can take on the role of a **Scrum Master**, supporting Agile teams in implementing agile processes and optimizing their work.
- You will find employment as a **project analyst**, analyzing project data and outcomes to support the organization’s strategic decisions.
- You will develop your career as a **project management consultant**, advising companies on the implementation of best management practices.
- You will obtain a position in **international corporations**.

Study program

Practical studies

We teach in a way that prepares you as well as possible for the real-world challenges you will face in your professional work.

- **Group projects** – real business problems.
- **Simulations** – making decisions under market conditions.
- **Internships and placements** – experience in companies.
- **Lectures with practitioners** – experts from the industry.

Foreign language study

- The entire course of study is conducted in English. After graduating, students will be able to use professional business language.

Internships and practical training

Internships are an important part of the study program. Master's students complete **480 hours of internships throughout their studies**, gaining valuable work experience. If you are employed in a profession relevant to your field of study, you may have your internship credited based on your employment. During your studies, you also have the opportunity for a paid internship. Internship programs are prepared by our partner employers, adapting requirements to specific positions, which makes starting your professional career easier.

This is a program for people

- who have leadership skills and would like to become managers in the future,
- who are interested in the mechanisms of management psychology,
- who are good at organizing and planning,
- who have an analytical mind and do well in science subjects.

How to become a WSB Merito University student

To be eligible for a **second degree (Master's) program**, you must have completed a prior higher education program concluded with the award of a first degree (Bachelor's or equivalent).
