

# Finance and Accounting

BACHELOR'S DEGREE - PROGRAM

**Form:** Full-time

**Study form:** Hybrid • Traditional (on-site)

**Features:** Bachelor's degree • From October • English • 6 semesters

**City:** Warszawa

## What will you learn?

- You will master **identifying and assessing financial risk**, enabling effective decision-making in a dynamic financial environment.
- You will learn to **create financial documents and maintain their records**, allowing you to manage company finances accurately.
- You will gain knowledge in **developing investment plans and analysing the financial condition of enterprises**, preparing you to work in the investment sector.
- You will become familiar with **specialised financial software**, such as Sage Symfonia, used in companies and accounting offices.
- You will develop **practical skills during workshops, simulations and case studies**, which will allow you to apply theoretical knowledge in practice.
- You will prepare to **take international professional certifications, such as ACCA or CFA**, increasing your value on the job market.

## Work opportunities

- You will become a **financial analyst**, supporting companies in assessing the profitability of projects and investment decisions.
- You can work as a **tax advisor**, helping businesses with tax optimisation and managing liabilities.
- You will find employment as an **accountant or accounting specialist**, ensuring financial and regulatory compliance for companies.
- You will become a **corporate finance specialist**, supporting the management of working capital and the analysis of financial performance.
- You will work as an **investment advisor**, recommending appropriate investment strategies to clients.
- You will start a career in **banking as a credit or investment specialist**, analysing risk and managing financial portfolios.

## Foreign language study

### For full-time studies:

- 120 hours of foreign language learning (30 hours per semester) from the 1st to the 4th semester.

#### Form of delivery:

all classes are conducted on-site with a language instructor.

### For part-time studies:

- 120 hours of foreign language learning (30 hours per semester) from the 1st to the 4th semester.

#### Form of delivery:

- 16 hours of classes in a classroom with a language instructor (during on-campus sessions)
- 14 hours carried out in an e-learning format

**Languages to choose from:** English, German, Spanish.

## Internships and practical training

Student internships are an important part of the study program. Students of bachelor's and long-cycle master's studies complete 960 hours of internships (24 weeks), gaining professional experience. If you work in a profession related to your field of study, you can have your internship credited based on your employment. During your studies, you also have the opportunity to take a paid internship. Internship programs are designed by cooperating employers, tailoring requirements to specific positions, which helps you take your first professional steps.

# M

## Study completion requirements

You create a major project that addresses a practical or theoretical problem related to your field of study. By studying literature and conducting your own analyses, you work on an original problem-solving proposal. Everything you learn during your studies enables you to create a professional project based on real data and actions. To earn your bachelor's degree, you must defend this project before a committee. You set the direction of your own project!

## Programme partners

**PRODATA**  
consulting | systeme | services

**Schneider**  
Electric

**TMF**  
GROUP

**UHY** ECA

**ZUS**
