

Finance and Accounting

MASTER'S DEGREE - PROGRAM

Form: Full-time

Study form: Hybrid • Traditional (on-site)

Features: Master's degree • From October • English • 4 semesters

City: Warszawa

What will you learn?

- You will learn techniques for maintaining **accounting records** and preparing **financial statements**, preparing you for work in financial departments.
- You will gain knowledge about **taxes** related to business activities, enabling you to advise companies on tax optimisation.
- You will learn how to conduct **financial audits** and participate in audits, opening up opportunities to work as an auditor.
- You will master the analysis and management of **financial risk**, which is essential in the work of a financial analyst.
- You will understand the principles of making **financial and investment decisions**, which will help you manage investment portfolios.
- You will use modern **IT tools**, increasing your effectiveness in financial management.

Work opportunities

- You work in companies' financial departments, preparing **financial statements** and analysing their results.
- You hold a position as a tax advisor, supporting clients in managing **tax optimisation**.
- You are employed in international corporations as a **financial audit specialist**.
- You work as a **financial analyst**, managing investment portfolios and minimising financial risk.
- You work in **banking**, advising clients on investment products and loans.
- You specialise in **corporate financial management**, supporting strategic decision-making in companies.

Study program

In part-time studies:

- 60 hours of foreign language learning (30 hours per semester) over 2 semesters.

Form of delivery:

- 16 hours of classes in a classroom with a language teacher (weekend sessions)
- 14 hours delivered in an e-learning format

Languages to choose from: English, German, Spanish.

Internships and practical training

Internships are an important part of the study program. Master's students complete **480 hours of internships throughout their studies**, gaining valuable work experience. If you are employed in a profession relevant to your field of study, you may have your internship credited based on your employment. During your studies, you also have the opportunity for a paid internship. Internship programs are prepared by our partner employers, adapting requirements to specific positions, which makes starting your professional career easier.

Study completion requirements

Master's degree studies conclude with the **preparation and defense of a master's thesis**. During the course of study, passing individual subjects is based on projects, presentations, written or oral exams. The entire program is practical and focused on developing professional competencies.
